Beautiful One Magazine is not just eye-catching and beautiful to look at, but it's like a soul that is innocent yet knowing, calming yet concerned and sophisticated yet humble. The heart of Beautiful One Magazine is honest, authentic and kingdom building. Be dazzled by its beauty. Be diligent in reading it. Be determined to live out the words from the Book that illuminates the light of God. Be dedicated to live by the promises of God reiterated by the writers and the editor of this fine work of the Holy Spirit."
